Mrs. Albert Lasker
Chrysler Bldg.
42nd St. & Lexington Ave.
New York, N. Y.

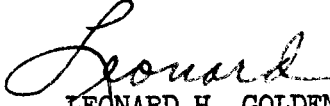

Dear Mary:

Since you have been so helpful to United Cerebral Palsy since we started three years ago, I thought you might like a copy of the Annual Report for our third year which has just ended.

As you know, contributions from the public during the first year totaled about \$1,000,000; during the second year about \$2,000,000, and in our third year this support totaled about \$4,000,000. But what is more important is that we now feel that we can embark on a real program to help the cerebral palsied children and adults both from a standpoint of research, as well as treatment.

Personally and on behalf of United Cerebral Palsy, I wanted to express our deep appreciation for your wonderful cooperation.

Sincerely,

LEONARD H. GOLDENSON
